

## Datasheet TN13

Articlenumber 1002451

Tip with steel roller

**Tip form, Roller diameter x width, Measuring surface radius, Material measuring contact, Connection thread, Thread length, Roll holder width x depth, Material holder, Overall length, Specific feature, Gross weight**

Tip form	Rotatable roller
Roller diameter x width	7.5 x 1.6 mm
Measuring surface radius	1 mm
Material measuring contact	1.4112 hardened steel
Connection thread	M2.5
Thread length	7 mm
Roll holder width x depth	6 x 6 mm
Material holder	Steel burnished
Overall length	13 mm
Specific feature	Rotatable measuring tip with counter nut
Gross weight	0.025 kg
